AGENDA ITEM 7.a.(1)  
August 17, 2017

APPOINTMENT OF ACTING DEAN  
COLLEGE OF LIBERAL ARTS AND SCIENCES

Dr. Judy Ledgerwood will transition to the role of Acting Dean of the College of Liberal Arts and Sciences upon confirmation by the Board. Dr. Ledgerwood was selected to serve as the Acting Dean by the Acting Executive Vice President and Provost, after appropriate consultation with the College. Dr. Ledgerwood is a Presidential Engagement Professor in the Department of Anthropology. She is the Director of the Center for Southeast Asian Studies, where she has built national and international visibility. The Center has achieved distinction for its youth leadership programs and its role as a National Resource Center, with funding from the United States Department of Education and Department of State. Dr. Ledgerwood has previously served as the chair for the Department of Anthropology. Her research and teaching in cultural anthropology have addressed issues of gender, religion and cultural integrity, with a focus on Cambodia in the aftermath of the Khmer Rouge regime.

Dr. Ledgerwood’s many experiences as a faculty member and administrator, coupled with her strong standing within the college, has positioned her exceptionally well to accept this role.

Recommendation: The university requests Board of Trustees approval of the appointment of Dr. Judy Ledgerwood as the Acting Dean of the College of Liberal Arts and Sciences effective August 17, 2017.
STUDENT INTERNSHIP PARTNERSHIP/LEASE OR LICENSE PROPOSAL

**Executive Summary:** As presented at the March 2017 Board meeting, the proposed on-campus internship initiative with Discover Financial Services (Discover) remains in development and is tracking for a January 2018 start for the program instead of the originally envisioned August 2017. The aspects of the initiative remain to engage in a partnership with Discover to provide business solutions working collaboratively with NIU students providing valuable internships that contribute to student career success. However, if the terms and conditions of the proposed arrangement deviate substantially from the program goals and framework outlined above, the President will return the matter to the Board for consideration of substantial modifications to the proposal.

**Background Information:** The envisioned agreement with Discover includes the framework for a student internship program and for lease or license of DeKalb campus space. The student interns and their Discover mentors will collaborate on Discover-initiated programming tasks in a conveniently-located, creative, innovative, and collaborative environment. The partnership has the potential to provide 30 or more annual internship opportunities for computer sciences students and students from related disciplines. The campus-based internship program represents an effective tool for student recruitment; permits student interns access to other university programming such as JobsPLUS; and opens the possibility of corporate input in future curriculum development.

The leasing or licensing agreement is anticipated to include authorization for Discover to renovate the designated space to meet their specific needs. The University would exercise final design approval and monitor construction activities to ensure adequate protection of facility systems. The renovation would focus on creating flexible collaboration and teaming areas for the student interns. To ensure Discover can recover their anticipated renovation investment, a multiyear leasing or licensing agreement in excess of three years may be required. Additionally, to ensure the University receives a fair and reasonable compensation for the use of state property, a leasing or licensing rate will be negotiated based on market rates for similar property.

**Funding:** Total leasing or licensing revenue is anticipated to be over $250,000. Discover will fund all renovation and improvement costs.

**Recommendation:** The University requests Board of Trustees reauthorization to enter into the proposed agreement with Discover, consistent with the program goals, once final details and terms are negotiated. Such reauthorization shall be delegated to the President for final signature on the agreement provided the agreement conforms to the programming concept and framework described above; the agreement can be executed prior to the meeting of the Board scheduled for December 2017; and the agreement includes no financial obligations in the aggregate of $250,000 or more for the University. If a final agreement is not executed within the above contemplated parameters by the December 2017 meeting of the Board, the Board shall re-assess the matter and, if appropriate, extend the authority authorization granted and delegated pursuant to this Board item.

PROPOSED BYLAW CHANGES FOR STANDING COMMITTEES

Objective: Per the directives and input of the Board Chair and the President, the CARL Committee is putting forth a proposal to amend the Bylaws of the Board of Trustees regarding the Board’s committee structure and operations. These changes are intended to promote efficiency, streamlining and consolidation of topics that come before committees. Specifically:

- These Bylaw changes will establish four standing committees of the Board:
  - The Executive Committee
  - The Academic Affairs, Student Affairs, and Personnel Committee
  - The Research and Innovation, Legal and Legislative Affairs Committee
  - The Finance, Audit, Compliance, Facilities, and Operations Committee

- The subjects of governance and enrollment will be incorporated into the Executive Committee and Academic Affairs, Student Affairs, and Personnel Committee, respectively, thereby concluding the work of the Ad Hoc Committees on Governance and Enrollment, but continuing the Board’s focus on these important areas.

- The Executive Committee will retain its power to act on behalf of the Board in particular situations; and will also provide the full Board its advice and counsel pertaining to Board governance matters, University vision and priorities, and presidential goals and performance review. Such advice and counsel will assist the Board in the exercise of its responsibilities related to these matters; going forward, recommendations for consideration by the full Board may originate in the Executive Committee and be forwarded to the full Board for consideration and/or action. The Committee also expressly commits to giving due consideration to participants in the shared governance process; monitoring University activity related to goals, priorities and benchmarks; and informing the full Board of major issues, actions and needs of the University pertaining to such matters.

- The Academic Affairs, Student Affairs, and Personnel Committee will retain its focus on all areas previously within its purview, and will assume responsibility for the continuation of the Board’s focus on enrollment (recruitment and retention), and add to its portfolio the newly aligned marketing and communications functions. The Committee will also attend to matters concerning the University’s programming and commitments in the area of diversity, equity and inclusion. Other areas traditionally considered by the Committee are identified to provide clarity.

- Board consideration of the University’s audit, compliance, and risk management functions will be incorporated into the Committee that has traditionally focused on finance, facilities, and operations, establishing a new Finance, Audit, Compliance, Facilities, and Operations Committee. Related attention will be paid by the Committee to information technology and public safety. This alignment of areas is consistent with developments affecting these areas. Moreover, a streamlined mandate for the Committee in the areas of audit, compliance, and risk management offers a clear and accessible signal of the Board’s continued commitment to these matters.

- The Research and Innovation, Legal and Legislative Affairs Committee will retain the Board’s focus on the resources and assets, and achievements, of NIU as a national research university, and continue the Board’s attention to state and federal governmental activities that have implications for University operations. A related focus on legal affairs will provide a committee setting to discuss
emerging legal issues and, if appropriate, specific legal matters that may be of interest to Board members.

- Several additional edits are proposed to achieve consistency between the descriptions of each committee, and improve clarity.

Per Article X of the Board Bylaws:

Bylaws of the Board of Trustees may be amended at any regular meeting of the Board by six (6) affirmative votes of the Members of the full Board, provided that notice of the intention to amend the Bylaws shall have been presented in writing at the regular or special meeting immediately preceding. Such notice shall provide so far as possible the exact wording of the amendment proposed.

A copy of the exact wording of the amendments proposed is attached.

**Recommendation:** The Compliance, Audit, Risk Management and Legal Affairs Committee (CARL) approves the proposed bylaw amendments and ask that it be forwarded to the full Board for consideration and approval.

E. Role and Mission of the Office of the Vice President and General Counsel

0. The Office of the Vice President and General Counsel provides legal counsel and representation to Northern Illinois University and all of its schools and colleges, divisions, units, affiliates and related entities on the broad range of legal matters affecting the University. The General Counsel’s Office serves the University Board of Trustees, the President, officers, administrators, faculty and staff in their official capacities. The General Counsel’s Office is also responsible for hiring and managing outside counsel to represent the University.

1. The mission of the Office is to provide the highest quality legal services to the University in a responsible, constructive and timely manner; to protect and promote the mission and values of the University, including compliance with its obligations and protection and promotion of its interests; to minimize legal risks and costs; and to address and resolve legal disputes.

2. Consistent with the mission and best interests of the University, including its duties to follow the law and meet its obligations to the public, governments and third parties, the lawyers in the General Counsel’s Office strive to be problem solvers; to engage in strategic thinking with the University decision makers; to defend the interests of the University and its constituents; to protect and promote integrity and ethical conduct; to practice preventive law; and to assist the University’s Board of Trustees, President, officers, faculty and staff to accomplish their institutional objectives.

3. In undertaking the work of the Office, the Vice President and General Counsel will coordinate with other University officials, including the President, the Internal Audit Director, the Ethics Officer, and the Compliance Officer, as necessary and appropriate.

E. Reporting Obligations of the General Counsel

3. The legal and ethical reporting obligations of the General Counsel and the other attorneys in the Office of the Vice President and General Counsel are determined by the Illinois Supreme Court and American Bar Association Rules of Professional Conduct (Rules of Conduct). These requirements include that the General Counsel and the other lawyers in the Office employed by the University represent the organization acting through its duly authorized constituents. The lawyers in the Office represent the
University through authorized individuals and constituents acting in their official capacities on behalf of the organization.

4.—Subject to the legal and ethical obligations of the professional standards, the General Counsel reports to the President of the University for administrative purposes and also to the Board of Trustees which is the highest constituent authority within the organization.

4.—Consistent with the By-laws and University Personnel Policies and Procedures, the appointment and removal of the Vice President and General Counsel shall be made by the President subject to approval by the Board of Trustees.

E.—Role and Mission of the University Ethics Officer

4.—NIU is charged with maintaining an ethical environment for university employees and participants of the campus community. As an institutional standard, all faculty, students, and administrators are expected to act in an ethical manner. We hold the members of our University to the highest standards, and expect honesty and integrity in all issues. NIU strictly abides by the State Officials and Employees Ethics Act, and the Illinois Governmental Ethics Act. Anyone who violates applicable ethics requirements in their professional capacities as state employees may face significant consequences.

4.—Each University and every state agency has an Ethics Officer. Responsibilities of the Ethics Officer include: developing and administering annual ethics training; reviewing the Statement of Economic Interests forms for officers and certain other employees; and providing guidance on interpretation and implementation of the State Officials and Employees Ethics Act, and the Illinois Governmental Ethics Act. Interpretation of ethics requirements is based on court decisions, Attorney General opinions, and the findings and opinions of the Executive Ethics Commission. Ethics Officer work products are exempt from Freedom of Information Act (FOIA) requests.

4.—The Ethics Officer provides guidance in helping university employees and participants of the campus community comply with all state wide ethics standards. The Ethics Officer and Ethics investigators often determine whether or not to conduct investigations into allegations of ethical wrongdoing. The Ethics Officer also serves as a repository for Whistleblower complaints, and retaliation for Whistleblowing complaints. The Ethics Act, the Whistleblower Act, and University policy protect employees who, in good faith, report or threaten to report an act or omission they believe to be a violation of law, policy, or procedure. Under the Ethics Act, retaliatory action is defined as reprimand, discharge, suspension, demotion, or denial of promotion or transfer, or change in the terms or conditions of employment of any State employee, which is taken in retaliation for involvement in protected activity. Individuals who take retaliatory action against whistle blowers are subject to disciplinary action up to and including discharge by the University, in addition to potential administrative action by the Executive Ethics Commission.

E.—Reporting Obligations of the Ethics Officer

4.—The Ethics Officer reports directly to the University President. The Ethics Officer also serves as the liaison between the University, the appropriate Inspector General and the Illinois Executive Ethics Commission. The Executive Ethics Commission is composed of nine appointed commissioners, each serving a four-year term. The Commission’s duties
include, but are not limited to: conducting administrative hearings on alleged violations of the Ethics Act, providing guidance to Ethics Officers, and overseeing ethics training for all employees of the executive branch of state government.

5. For University employees, the Office of Executive Inspector General for the Agencies of the Illinois Governor (OEIG) serves as the Executive Inspector General. This position is appointed by the Governor of the State of Illinois for a term of five years. Established in 2003, the OEIG is an independent state agency. Its primary function is to investigate fraud, abuse, and violations of laws, rules, and policies in governmental entities. The OEIG also has responsibility for investigating alleged violations by those doing business with entities under its jurisdiction.

F. Roles and Mission of the Internal Audit Department

1. The Fiscal Control and Internal Auditing Act (30 ILCS 10) requires each State agency to maintain a full-time program of internal auditing. The Internal Audit Department provides both assurance audits and consulting services. As required by the Fiscal Control and Internal Auditing Act (FCIAA), the Internal Audit Director reports directly to the President and shall have direct communications with the university’s governing board. The Internal Audit Director and all full-time members of the internal audit staff shall be free of all operational duties.

2. The mission of the Internal Audit Department is to provide independent and objective assurance and consulting services to assist the Board of Trustees and University management in the effective discharge of their oversight, management, and operating responsibilities. Internal auditing is based on an objective assessment of evidence. It uses a systematic, disciplined approach to evaluate and recommend improvements to the risk management, internal control, and governance processes.

3. With the concurrence of the President and the Board of Trustees and in accordance with the Fiscal Control and Internal Auditing Act, the internal audit department is authorized to review and evaluate policies, procedures, and practices of any University activity, program, or function. This authority provides for full access to all records, properties, and personnel relevant to the subject under review.

4. FCIAA created the State Internal Audit Advisory Board, which established professional standards and a code of ethics to which all State internal auditors must adhere. All audits shall be conducted in compliance with the general and specific standards of the "International Standards for the Professional Practice of Internal Auditing" published by the Institute of Internal Auditors, or where required, in accordance with government auditing standards published by the U.S. Government Accountability Office. The professional conduct of persons involved in internal audit operations shall be based on the ethical standards adopted by the Institute of Internal Auditors, "IIA Code of Ethics and Standards of Conduct."

4. The Internal Audit Director shall have, in addition to all other powers or duties authorized by law, required by professional ethics or standards, or assigned consistent with the FCIAA, the powers necessary to carry out the duties required by this act.

5. Public Act 97-1055, the Financial Reporting Standards Board Act, signed by Governor Quinn in August 2012, requires the internal auditor of every state agency that submits a GAAP package to complete and submit to the Financial Reporting Standards Board an annual audit of its GAAP package and financial statement preparation process.
G.—Reporting Obligations of the Internal Audit Director

1.—The reporting obligations of the Director and other internal auditors in the department are determined by the Fiscal Control and Internal Auditing Act, standards promulgated by the Institute of Internal Auditors, and the Financial Reporting Standards Board Act, as well as university and departmental policies and procedures.

2.—Consistent with the Fiscal Control and Internal Auditing Act, the Internal Audit Director is appointed by the President and will serve a five-year term. The Internal Audit Director may be removed only for cause after a hearing before the Executive Ethics Commission concerning the removal. Further, the annual salary of the Internal Audit Director cannot be diminished during the term of appointment.

3.—The Internal Audit Director is required to have a two-year audit plan, approved by the chief executive officer before the beginning of the fiscal year. The Internal Audit Director is to ensure that audits of major systems of internal accounting and administrative control are conducted on a periodic basis so that all major systems are reviewed at least once every two years. By September 30 of each year, the Internal Audit Director must submit a written report detailing how the audit plan for that year was carried out.
